

SECOND ANNOUNCEMENT

INTERNATIONAL CONCERENCE ON ENVIRONMENTAL ERGONOMICS 2007
ICEE 2007: August 19-24, 2007
Grand Hotel Bernardin, Piran, Slovenia (Europe)

Dear Colleague,

We write to remind you that the 12th **International Conference on Environmental Ergonomics (ICEE 2007)** will be held in Piran (Slovenia, Europe) from August 19th to 24th, 2007. Piran is a picturesque town on the Adriatic Coast, near the Slovene-Italian border.

The *ICEE* series started in 1984, and continues to this date, as a meeting of researchers working in the fields of **Environmental Physiology** and **Ergonomics**. The meeting series has been a success primarily due to the camaraderie between the scientists and students from laboratories throughout the world.

A special note for those who have not previously attended an *ICEE* meeting:

ICEE meetings are widely regarded as being among the friendliest and most interactive scientific meetings. These are not large meetings (normally 150-200 participants), but are attended by the international leaders in the research disciplines covered by the meeting. The meeting is organised to allow extensive social interaction among the participants, which, over the years, has resulted in many exciting international research collaborations. This meeting series has placed a great emphasis on promoting attendance by students. Students attending the meeting will have opportunities to meet, interact with and receive value feedback from a wide range of scientists.

SOME IMPORTANT FEATURES OF THE MEETING:

- ***Students*** who deliver an oral presentation will be granted **FREE registration**. This initiative has been possible through the generosity of **W.L. Gore & Associates**.
- ***Emeritus members*** of the society will be granted **FREE registration**.
- ***Retired members***, who will be actively participating at the meeting, will be granted **FREE registration**.
- The management of the Hotel complex where the meeting will be held, are allowing us to offer the rooms at last year's rates!
- A **special issue** of the ***European Journal of Applied Physiology*** will be dedicated to **Environmental Ergonomics**. This issue will be published after the meeting. Authors wishing to submit a full paper from their presentation for publication consideration in that

special issue should prepare submissions according to the journal guidelines (available from *EJAP* home page). Papers will undergo the normal peer review process.

IMPORTANT DATES TO REMEMBER:

APRIL 30: Deadline for **submission of abstracts**.

MAY 30: Notification of **abstract acceptance**.

JUNE 1:

- Last day to **reserve hotel room** at discount price.
We cannot guarantee availability of rooms after this date.
- Confirm your participation in the 4-day, post-conference **ALPINE HIKE**.

JULY 16:

- Last day to **register for conference** at discount price.
- Last day to submit your flight itinerary for free airport pick-up, and transfer to airport following the conference, or post-conference Alpine hike.

Detailed information about the conference can be obtained from the website:

www.icee07.si

A request: This email has been sent to you because you were on the mailing list of previous scientific meetings. We are aware that our mailing list may not be complete, and fear that we may inadvertently miss informing some of our colleagues. We would very much appreciate it, if you could forward this email to any individual or groups of individuals, who you feel may be interested in attending *ICEE2007*. Thank you for your help and assistance.

We look forward to seeing you at the meeting.

Sincerely,

ICEE07 Organising Committee

Igor B. Mekjavic
Chairman

Nigel A.S. Taylor
